

Faculty of Chemistry
University of Wrocław
(Poland)

Department of Chemical,
Pharmaceutical and
Agricultural Sciences
University of Ferrara
(Italy)

Joint Scientific Seminar

30/11/2021

Time	Speaker	Title
15:00	Magdalena Rowińska-Żyrek, Maurizio Remelli	Wrocław-Ferrara partnership in brief
15:10	Alina Bieńko	Application of the magnetic field in technology and medicine
15:25	Stefano Caramori	Photoelectrochemical Processes
15:40	Martina Catani	From fundamentals of liquid chromatography to modern applications for the separation and purification of bioactive molecules
15:55	Katarzyna Cieślik-Boczula	Spectroscopic studies of mutual interactions in protein-lipid membrane systems
16:10	Elisabetta Esposito	Nanotechnological approaches to treat skin pathologies by bioactive molecules
16:25	Aneta Jezierska, Jarosław Panek	Molecular Modeling - modern approaches useful in materials chemistry and drug design
16:40	Łukasz John	Functionalized Hybrid Silsesquioxanes: Chemistry and Selected Applications
16:55	Sławomir Szafert	Synthesis and reactivity of 1-halopolyins

The seminars will be held online on the Teams platform, at the link: <https://bit.ly/3l5k30o>

The organizers:

Magdalena Rowińska-Żyrek, DSc., PhD.
University of Wrocław
email: magdalena.rowinska-zyrek@chem.uni.wroc.pl

Prof. Maurizio Remelli
University of Ferrara
email: rmm@unife.it
